From: Richard G's Ukulele Songbook www.scorpex.net/uke.htm

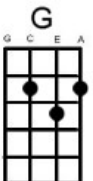

[C] I loved you for a [C7] long long time [F] I know this love is real
It [C] don't matter how it all went wrong

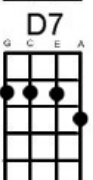

That [G] don't change the way I feel [G7]
And I [C] can't believe that [E7] time's gonna heal

This [Am] wound that I'm speaking [F] of
There [C] ain't no cure there [G] ain't no cure
There [F] ain't no cure for [C] love

[C] I'm aching for you [C7] baby [F] I can't pretend I'm not
I [C] need to see you naked in your [G] body and your thought [G7]

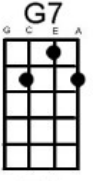

I've [C] got you like a [E7] habit and I'll [Am] never get e[F]nough
There [C] ain't no cure there [G] ain't no cure

There [F] ain't no cure for [C] love

There ain't no [Am] cure for love [C] there ain't no [Am] cure for [C] love

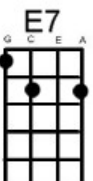

All the rocket ships are [F] climbing through the sky

Holy books are open wide doctors [G] working day and night

But they'll never ever find that [Am] cure for [C] love

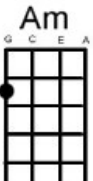

There ain't no [F] drink no drug

There's [D7] nothing pure enough to be a [G] cure for [G7] love

[C] I see you in the [C7] subway [F] and I see you on the bus

[C] I see you lying down with me and I [G] see you waking up [G7]

[C] I see your hand I [E7] see your hair

Your [Am] bracelets and your [F] brush

And I [C] call to you I [E7] call to you but I [Am] don't call soft e[F]nough

There [C] ain't no cure there [G] ain't no cure

There [F] ain't no cure for [C] love

[C] I walked into this [C7] empty church I had [F] no place else to go

When the [C] sweetest voice I ever heard [G] whispered to my [G7] soul

[C] I don't need to be for[E7]given for [Am] loving you so [F] much

[C] It's written in the [E7] scriptures it's [Am] written there in [F] blood

[C] I even heard the [E7] angels de[Am]clare it from a[F]bove

[C] There ain't no cure there [G] ain't no cure

There [F] ain't no cure for [C] love
