Intro [G] [D] [Cadd9] [G] [D]

[G] I....am thinking it's a [D] sign

That the freckles in our [Cadd9] eyes are mirror images and

[G] When we kiss they're [D] perfectly aligned and

[G] I....have to specu[D]late

That God himself did [Cadd9] make us into corresponding

[G] Shapes like puzzle [D] pieces from the clay and

[G] True....it may seem like a [D] stretch

But it's thoughts like this that [Cadd9] catch my troubled head when you're a

[G]way when I am [D] missing you to death

[G] When....you were out there on the [D] road

For several weeks of [Cadd9] shows and when you scan the radi

[G]o I hope this [D] song will guide you home

[G] They will see us waving from su[D]ch great heights

Come do[Cadd9]wn now they'll s[G]ay [D]

But [G] everything looks perfect from far [D] away

Come do[Cadd9]wn now but we'll st[G]ay [D]

[G] I've....tried my best to [D] leave

This all on your ma[Cadd9]chine but the persistent beeping

[G] Sounded thin u[D]pon listening

[G] That....frankly will not [D] fly

You will hear the shrillest [Cadd9] highs and lowest lows with the win

[G]dows down when this [D] is guiding you home

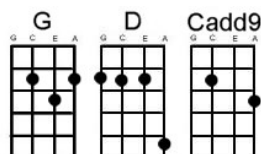

[G] They will see us waving from su[D]ch great heights

Come do[Cadd9]wn now they'll s[G]ay [D]

But [G] everything looks perfect from far [D] away

Come do[Cadd9]wn now but we'll st[G]ay [D]

Outro: [G] [D] [Cadd9] [G] [D] [G]

Variation on these chords for added colour:

Play Gmaj7 instead of the D in the first line of each verse

G0C2E2A2

Play Bm in place of the D in the second and fourth lines of the chorus
