Intro: [G] [C] [D7]

Well it's [G] early in the mornin' and it's time to make a start
And I [Em] put my polished surfboard on the rack upon my car
I [C] head down to the surfside where the waves are makin' fine
I'm [D7] gonna catch a mountain but I won't go down the mine

Chorus:

*You gotta [G] walk the plank [Em] ride the hook
[C] Gonna let them ride and [D7] keep it nice and tight
And now the [G] time is growin' near
You're [Em] movin' down the wall
As [C] steady as she goes you got your [D7] toes upon the nose
And now you're [G] hangin' five hangin' five
[D7] Hangin' five to...es upon the Mali[G]bu [D7]*

And [G] now you've hit the beach and your feelin' mighty fine
You [Em] turn your board around for the second time
You [C] make it out the back the swells are comin' fast
The [D7] first ones are too small and so you take the last

Chorus [D7] Let's stomp [G] [Em] [C] [D7]

And [G] when the day is over and all the surfers meet
You [Em] go down to the surf club to dance and stomp and beat
And [C] when the night is through you hear the fellas say
[D7] Don't forget tomorrow you got another day

Chorus

[D7] Upon the Mali[G]bu [hangin' five hangin' five]
[G] You know you gotta walk the plank Frank
Get the toes right up on that nose Surfer Joe
And don't forget Frank...wash that bushy bushy blonde hairdo
