[F] Hide in your [Dm] shell  
Cos the [Am] world is out to [Dm] bleed you for a [Bb] ride  
What will you [Gm] gain making your [Eb] life a little [Bb] longer?  
[F] Heaven or [Dm] Hell  
Was the [Am] journey cold that [Dm] gave your eyes of [Bb] steel?  
Shelter be[Gm]hind painting your [Eb] mind and playing [Bb] joker  
Too [A] frightening to listen to a [Dm] stranger  
Too [A] beautiful to put your pride in [Dm] danger  
You're [Bb] waiting for someone to under[Eb]stand you  
But you've got [C] demons in your closet [Csus4]  
And you're [C] screaming out to stop it [Csus4]  
Saying [C] life's begun to cheat you [Csus4] friends are out to beat you  
[C7sus4] Grab on to what you can [C7] scramble for

Chorus:

Don't let the [Am] tears linger on in[Dm]side now  
Cos it's [Am] sure time you gained con[Dm]trol  
If I can [Bb] help you, if I can [Gm] help you, if I can [Eb] help you just let me [C7] know  
Well, let me [Am] show you the nearest [Dm] signpost  
To get your [Am] heart back and on the [Dm] road  
If I can [Bb] help you, if I can [Gm] help you If I can [Eb] help you just let me [C7] know  
[F] All through the [Dm] night  
As you [Am] lie awake and [Dm] hold yourself so [Bb] tight  
What do you [Gm] need, a second-hand [Eb] movie star to [Bb] tend you?  
[F] I as a [Dm] boy I be[Am]lieved the saying the [Dm] cure for pain was [Bb] love  
How would it [Gm] be if you could [Eb] see the world through [Bb] my eyes?

Too [A] frightening the fire's getting [Dm] colder  
Too [A] beautiful to think you're getting [Dm] older  
You're [Bb] looking for someone to give an [Eb] answer  
But what you [C] see is just an illusion [Csus4]  
You're su[C]rrounded by confusion [Csus4]  
Saying [C] life's begun to cheat you [Csus4] friends are out to beat you  
[C7sus4] Grab on to what you can [C7] scramble for

Repeat chorus and first three lines of verse 1
