

What To Do What To Do Don Morrison

From: Richard G's Ukulele Songbook www.scorpex.net/Uke

[Em] Her old boyfriend [B7] got a new boyfriend
So now she's living a[Em]lone
And one thing I've noticed but have [B7] no place to protest
She won't turn off her mobile [Em] phone
[Em] What to do what to [B7] do what to do what to [Em] do
[Em] What are your intentions she [B7] said
Like holding a gun to my [Em] head
I had to think on my [B7] feet
'Cause I knew that her friends had been giving her [Em] heat
She said if [C] we were younger we'd [G] go with our hunger
And [D] sort out the mess at the [Em] end
But [C] now we are smarter it [G] gets so much harder
To [B7] go through all that stuff a[Em]gain
[Em] What to do what to [B7] do what to do what to [Em] do
[C] This is not Shakespeare [G] this is not Camelot
[D] This is not Mills and [Em] Boon
This is [C] living and loving in the [G] 21st century
And I'd [B7] better get used to it [Em] soon
Yes I'd [B7] better get used to it [Em] soon
I'd [B7] better get used to it [Em] soon
